

Dione Vasconcelos
Interim Executive Board Assistant
BWA Women's Department

After many years of service to the Women's Department, T.J. Wheeler left the role of Executive Assistant at the end of March (See "News" for more information on T.J.). We have now welcomed Dione Vasconcelas into this role. We are so thankful to have her with us!

Dione is very capable and brings much experience and solid gifting to the role. She was the president of the Brazilian Baptist Women for eight years. She has abundant knowledge of the BWA having travelled extensively to BWA functions with her husband, Fausto Vasconcelos who is a BWA staff member. Dione also has a good working knowledge of the Women's Department having attended our board meetings for five years as an interpreter.

Dione has a deep love for and commitment to the Women's Department and is very excited about having this opportunity to minister with us. She will be working alongside the Executive Board as we continue to build the Women's Department as we walk into the future.

Dione is the one who will answer your emails and phone calls and will welcome you when you come to the office for a visit. She will be sending out your Day of Prayer programs that you order (see Day of Prayer page for the order form) as well as carry out the many other varied duties of this role.

Welcome Dione by emailing her at adminwd@bwawd.org!
